

Custom Burners

Multiglow Fires are proud to be able to offer an exceptional bespoke service. Working with our authorised retailers we can ensure that the best solution is created for your requirements. Genesis, Classic II and Vista burners are all available in custom sizes to make into almost any shape and size you require.

Choose from the wide range of Multiglow Fires bespoke burners to restore a previously loved feature fireplace to its former glory without having the mess and fuss of solid fuel or create a focal point to your home that will be the envy of your friends and family. By using an authorised Multiglow Fires retailer you can be assured of getting the help and advice you need to bring your ideas to life.

Our bespoke burners are hand-made to your requirements to the same exacting standards as our main stream products. Once built, they are tested to ensure that they meet our stringent safety requirements, which surpass industry standards, and then they are carefully packaged to ensure they arrive in the best possible condition. Due to our attention to detail and high quality, Multiglow Fires bespoke burners can be found in many fine homes around the UK as well as stately homes and public buildings.

Genesis Custom Burner
